

Owasco Lake Watershed Inspection Program

CC HD = Cayuga County Health Department
 SWCD = Soil and Water Conservation District
 ACOE = Army Corps of Engineers

ID #	Town	Violation					Date Identified	Status			Comments
		OLWRR	CC HD - Sanitary Code	NYS DEC	ACOE	None		Initial Contacts	In Progress	Complete	
2009-001	Owasco	X	X				10/20/2009	X	X		Tank is being pumped as needed until permanent solution is determined.
2009-002	Scipio					X	8/29/2009	X	X		Construction of home to continue. Same contractor will be installing septic system, tentatively in the late fall.
2009-003	Scipio					X	3/16/2009	X	X		Constuction of retaining wall is in progress.
2010-001	Scipio					X	8/17/2010	X	X		Installation of septic system. CC HD has approved design. CC HD calling property owner to verify plans, and get contractor and engineer information
2010-002	Skaneateles	X		X			8/4/2010	X	X		Reported to maure spill. Fines and rememdaiton will be handled under NYS DEC because of CAFO permitting. Working with NYSDEC, Onondaga and Cayuga Counties SWCD, enigneers, planners, and operators to determine what remediation work will be completed.
2010-003	Fleming					X	8/18/2010	X	X	X	Concerned about organic build-up of material along his seawall. He thought that it may have been caused by a sewer issue. No sewer issue; material had collected during storms.
2010-004	Venice	X	X				2/22/2010	X	X		Contacted CC HD in 2/10 about concerns for a camper people had been staying in while visiting the area. Also, homeowner spoke of building other structures to have people camp at the property during the summer. CC HD investigated in 8/10. CC HD sent violation letter regarding construction of a new privy within 100 feet of a well and installation of an outdoor shower that directly empties onto the ground.

2010-005	Fleming					X	2010-005	X	X		Attended 239 Committee where environmental impacts and suggestions were given. One concern was about a pond that had been previously constructed without ACOE oversight and the outletting of the bioretention ponds into the pond, as well as other stormwater concerns. Working with ACOE by providing maps and background on the stream and pond. ACOE working to determine jurisdiction and how to handle.
2010-006	Owasco					X	6/18/2010	X	X	X	Project Complete - Landscaping and Lawn Project down to lakeshore. Erosion and sediment control practices were incorporated until lawn was stabilized.
2010-007	Owasco					X	8/18/2010	X	X		Scheduled for hydroseeding
2010-008	Niles	X	X				7/9/2010	X	X		Failure found 7/9/10. Tank is being pumped weekly, or as needed. Owner checked for water leaks, but found none. Will be installing water meter to determine the amount of water being used. Contractor has suggested installing a curtain drain above the system to capture groundwater.
2010-009	Owasco				X		6/11/2010	X	X	X	Issue passed onto the ACOE. Violation has been resolved by ACOE.
2010-010	Fleming	X				X	7/14/2010	X	X	X	Camera was placed through sewer line to see if there were any more holes. Camera went through smoothly and no other holes were detected.
2010-011	Fleming					X	7/28/2010	X	X		Construction/remodel of lakefront home. Silt fencing is in place and properly installed.
2010-012	Venice					X	8/12/2010	X	X	X	Experiencing lakeshore erosion. Met with property owner at site and gave some ideas, permitting information, and SWCD contractor list. Property owner in the process of contacting contractors to get quotes, then will be applying for a permit.
2010-013	Owasco					X	8/23/2010	X	X		Concerned about streambank erosion on property along Dutch Hollow Brook.
2010-014	Scipio		X				6/24/2010	X	X		Noted as a rental property, but there were no septic approval, dye test, etc showing a system for the home. System was tied into system of other home on the property (Violation of sanitary code). Property owners have hired an engineer to evaluate the system.

Other Notes

- * Water samples completed on August 3, 17, 31
- * Eco-Talk Article - Factors of weed growth in the lake
- * Lakefront Supervisors - completed formulas, working with the Supervisors to decide how much money they would like to budget for a project.
Also, continuing to work on grant opportunity with the Regional Planning Board.
- * Accepted to sit for the Certified Professional in Erosion and Sediment Control (CPESC) exam. Exam will be held on October 1.

Upcoming Events

- * Conservation Field Days - September 21, 22
- * Attending Conservation Skills Workshops - September 27 through October 1
